Amalfitano, G., 486
Ament, Marvin E., 694
Anaissie, Elias, 781
Anderson, J. D., 1053
Anderson, Larry J., 595
Andreoni, Massimo, 285
Andriole, Vincent T., S216, 371
Anstey, Nicholas M., 163, 374
Appelbaum, Peter C., 77, 716
Arden, Nancy H., 362
Armstrong, Donald, S206, 469
Arthur, Michel, 495
Arvin, Ann M., 1031
Asche, Valerie, 163
Asnis, Deborah S., 158
Auber, Pierre, 267
Augenbraun, Michael H., 714
Avril, J. L., 185
Avril, Jean-Loup, 917
Awada, A., 33
Ayarza, Rafael, 909
Ayats, J., 99
Bach, J. F., 379
Bachir, Dora, 327
Baddour, Larry M., 1069
Bagnasco, Frank A., 886
Baker, Ann Sullivan, 28
Baker, Richard A., 28
Balouck, N., 1045
Bandres, Juan C., 799
Barbé, G., 1045
Barham, William B., 178
Bartholomew, William R., 906
Bartlett, John, S33
Bartlett, John G., S43, S53, 371, 573, 726
Barza, M., 645
Bassetti, Dante, 285
Batt, Murray D., 371
Bauernfeind, Adolf, 481
Baumgardner, Dennis J., 629
Beam, Thomas R., Jr., S5
Beauvais, Bernadette, 267
Becher, John A., 464
Beidas, Sary O., 1048
Belitsos, Peter C., 726
Bella, Feliu, 373
Benach, Jorge L., 1019
Benedict, Linda M., 17
Bergeron, Michel G., 615
Bernier, Marthe, 615
Besser, M., 771
Bianco, Celso, 707
Billy, Isabelle, 327
Bingen, E., 30
Birkhead, Guthrie S., 1019
Bisbe, Josep, 910
Bisno, Alan L., S89
Blacklock, Zeta M., 453
Blaser, Martin J., 386
Bloom, Robert, 861
Bluestone, Rodney, 402
Blumberg, Emily A., 983
Bode, Liv, 1049
Bodey, Gerald, 781
Bodey, Gerald P., 197
Bodmer, T., 1039
Boggs, John M., 376
Boussougant, Y., 175
Bozzette, Samuel A., 701
Brachman, P. S., Jr., 1057
Bradberry, J. Chris, 885
Brahimi, N., 30
Brändli, Otto, 330
Brandon, William, 902
Breneman, Erica, 737
Bresciani, Alfred R., 158
Briles, David E., 112
Brion, Jean-Paul, 183
Brisson-Noël, Anne, 495
Britigan, Bradley E., 915
Brook, Itzhak, 955
Brown, Arthur E., 469
Brown, June M., 223, 453, 694
Brown, Zane A., 1031
Brun, P., 30
Brun-Buisson, Christian, 327
Bryan, Joe P., 1064
Bryson, Yvonne J., 1031
Buchman, Alan L., 694
Buggy, Brian P., 629
Bullock, Ward E., 371
Burdick, Jerome S., 629
Burke, John F., 941
Burken, M., 381
Busca, Joaquim, 473
Butler, Jay C., 277
Buu-Hoi, A., 95
Cadafalch, Josep, 1061
Cahen, R., 569
Calandra, Gary B., S148, S155, S162, S167, S172, S177
Campbell, Grant L., 1058

Subject Index

Abdominal aortic aneurysm, ruptured, due to *Streptococcus* group A, 525
Abdominal surgery, isolation of enterococci, 73
Abscess
  brain
    bacterial, factors influencing mortality and sequelae, 394
    complicating disseminated nocardiosis, ceftriaxone and amikacin treatment, 1039
  hepatic, due to *Haemophilus* species, 716
  pancreatic, due to *Candida albicans* (letter), 881
  perinephric yeast infection, 128
  of psoas muscle, due to *Streptococcus milleri* (letter), 883
  spinal epidural, treatment, 22, 28
  tuberculous, in patient with AIDS (letter), 562
Acanthamoeba species, isolation from patients with amebic meningoencephalitis, 1024
Acinetobacter
  infections, cefotaxime treatment (letter), 374
  taxonomy (letter), 748
Adenovirus type 3, pneumonia in immunocompetent adult, 712
Agrobacterium tumefaciens, peritonitis, 938
AIDS and AIDS-related complex (*see also* Human immunodeficiency virus; *specific infection or manifestation*)
  amebic meningoencephalitis, culture isolation, 1024
  anemia, parvovirus B19 infection, 533
  Candida albicans colitis (letter), 555
  clarithromycin therapy for *Mycobacterium avium* complex infection, related thrombocytopenia (letter), 563
  cryptosporidiosis, 903
  cytomegalovirus infection, 606
    gastrointestinal lesions, 609
  diarrhea, diagnosis and treatment, 726
  drug interactions (letter), 1066
  human immunodeficiency virus infection, diagnosis, 13
  idiopathic esophageal and penile ulcerations, 961
  Kingella denitrificans as cause of granulomatous disease (letter), 1052
  maternal-fetal transmission, routes and cellular mechanisms, 678
  meningitis due to *Prototheca wickerhamii*, 704
  nocardiosis (letter), 370
  opportunistic infections, unusual, 134
  parvovirus B19 infection, 533
  Rhodococcus equi infection, identification and epidemiological typing, 223
  Sporothrix schenckii meningitis (letter), 741
  tuberculosis of the breast, as initial presentation, 692
  tuberculous abscess (letter), 562
  Toxoplasma infections
    central nervous system, sulfadiazine-associated encephalopathy (letter), 556
    encephalitis, diagnosis and treatment, 211
    hepatitis, acute, in patient (letter), 183
Albendazole, treatment of alveolar hydatid disease, 234
Algae, meningitis in AIDS, 704
Alveolar hydatid disease
  chemotherapy, 234
  due to *Echinococcus multilocularis*, 234
Amantadine, use in influenza, 362, 368
Amebic infections
  Acanthamoeba and leptomyxid, isolation from patient with amebic meningoencephalitis, 1024
  diloxanide furoate treatment of cyst passers (letter), 559
  intestinal, mild-to-moderate, in pregnancy, paromomycin treatment (letter), 551
  invasive, systemic manifestations, 974
Aminoglycosides
  as liposomal antimicrobial agents, 654
  resistance in enterococci, 495
Amphotericin B, for candidemia, 422
Anemia, hemolytic, drug-induced, 863
Angelchik antireflux prosthesis, complications of implantation, 528
Animal models, endocarditis due to enterococci with high-level gentamicin resistance, 58
Antibiotic susceptibility, survey of blood isolates from Canadian patients, 615
Antibiotic-associated colitis, evaluation of new drugs for treatment, S263
Antibiotics, induction of endotoxin release, 840
Antiendotoxin monoclonal antibodies, for gram-negative sepsis (letter), 371
Antifungal therapy, use in candidemia, 414, 422
Anti-infective drugs, clinical evaluation, IDSA/FDA guidelines, S1–S347
  antibiotic-associated colitis, S263
  antifungal drugs for systemic fungal infections, S274
  for arthritis
    acute suppurative in children, S172
    infectious, in adults, S167
  for cholera, S241
  clinical bacteriology, general guidelines, S339
  for colitis, antibiotic-associated, S263
  for diarrhea
    acute infections, S228
    due to *Cryptosporidium*, S249
    due to *Entamoeba histolytica*, S254
    due to *Giardia lamblia*, S244
  for encephalitis
    toxoplasmal, S200
    viral, S195
  for endocarditis, infective, S81
  for febrile episodes in neutropenic patients, S206
  for gastritis and peptic ulcer disease due to *Helicobacter pylori*, S268
  for gastrointestinal infections, S228–S273
  general guidelines, S5
  for intraabdominal infections, S33
  for meningitis
    acute bacterial, S182
    cryptococcal, S189
  for mycobacterial systemic infections, S282–S312
    due to *Mycobacterium avium* complex, treatment and prevention, S296
    due to *Mycobacterium kansasii* and other mycobacteria, S307
  for osteomyelitis
    acute hematogenous, in children, S162
    in adults, S155
  for pelvic infections
    acute, in hospitalized women, S43
    pelvic inflammatory disease, acute, S53
  for prophylaxis of surgical infections, S313
  prosthetic hip joint infections, S172
  for respiratory tract infections, S62
  for *Salmonella* chronic carriage, S259
  for sexually transmitted diseases, S96–S147
    chancroid, S108
    chlamydial and related clinical syndromes, S131
    gonorrhea, uncomplicated, S123

herpes simplex virus infections, S99
special issues in clinical trials, S96
syphilis, S140
vaginal infections, S115
skin and skin structure infections, S148
surgical infections, prophylaxis, S313
tuberculosis, treatment and prevention, S282
typhoid fever, S236
urinary tract infections, S216
Antimalarial drugs, in pregnancy, 408
Antimicrobial agents (*see* Anti-infective drugs)
Appendectomy, prophylaxis, S313
Arthritis
chronic, after rubella vaccination, 307
infectious
acute suppurative in children, evaluation of new anti-infective drugs, S172
in adults, evaluation of new anti-infective drugs, S167
septic
due to *Mycoplasma hominis*, in systemic lupus erythematosus, 402
due to *Nocardia brasiliensis*, 469
Aspergillosis
of central nervous system presenting as aseptic meningitis (letter), 737
pulmonary, in cardiac transplant recipients, 698
Athletic injury, pubic bone osteomyelitis, 636
Azoles, for trichosporonosis, 781

Babesiosis, human, in New York State, epidemiology, 1019
Bacillus species, infections after motor vehicle–related trauma, 855
Bacteremia
due to *Campylobacter cinaedi* in HIV-infected patient (letter), 178
due to *Clostridium sordellii*, 950
community-acquired, due to multiresistant *Enterobacter* (letter), 565
due to gram-negative bacteria, prognostic factors, 966
and meningitis due to *Enterobacter cloacae*, molecular analysis of origin, 30
nosocomial, *Enterococcus faecalis* without endocarditis, 49
pneumococcal, recurrent, 1072
streptococcal and enterococcal in patients with cancer, 33
of unknown origin in patients in intensive care (letter), 184
in *Vibrio vulnificus* infection, 271
Bacterial lysis, release of endotoxin, 840
Bacteroides fragilis, septic arthritis in postlithiasis pyelonephritis (letter), 381
β-Lactam antibiotics
resistance
in enterococci, mechanisms, 486
epidemiology, 824
in treatment of nocardiosis, 469
β-Lactamases, prevalence, 824
Bismuth salts, for treatment of gastritis and peptic ulcer disease, S268
Bite wounds and infection (letter), 740
Blastomyces dermatitides, systemic infections, 629
Blastomycosis, epidemiology and clinical features in areas of high endemicity, 629
Blood exchange, in sepsis and septic shock, 41
Bone marrow
abnormalities, due to *Yersinia enterocolitica*, immunologic diagnosis, 645
transplantation, toxoplasmosis in recipients, 267
Book review, Sexually Transmitted Diseases. Advances in Host Defense Mechanisms (Volume 8), T. C. Quinn, ed., 550
Borna disease virus, in chronic fatigue syndrome, absence of serologic evidence (letter), 1049
Borrelia burgdorferi
isolation (letter), 1058
serum antibodies, persistence in lyme disease, 788
Boutonneuse fever, spotless (letter), 373
Brain abscess, bacterial, factors influencing mortality and sequelae, 394
Breast milk, viral transmission
human immunodeficiency virus, 502
human T-cell leukemia virus type I, 502
Brucellosis
acute, impairment of natural killer cell activity, 764
central nervous system complications, 582
Burn wound infection, due to *Pseudomonas*, role of hydrotherapy, 941

Campylobacter cinaedi, bacteremia, in HIV-infected patient, 178
Campylobacter jejuni, bacteremia, associated acute pancreatitis (letter), 1050
Campylobacter laridis
colitis, in HIV-positive patient treated with quinolone (letter), 172
identification (letter), 1055
Canada, antibiotic susceptibility profile of gram-negative blood isolates, 615
Cancer patients, streptococcal and enterococcal bacteremia, 33
Candida
perinephric abscess, 128
systemic infections in neonates (letter), 554
Candida albicans
colitis in patient with AIDS (letter), 555
pancreatic abscess (letter), 881
vaginal infections, evaluation of new anti-infective drugs, S115
Candidemia, treatment with antifungal agents, 423
Candidiasis, disseminated, in addicts using brown heroin, 910
Capillary permeability, measures of in *Plasmodium falciparum* malaria, 256
Capnocytophaga canimosus (formerly CDC group DF-2) pleural infection, 325
Cardiac transplantation, pulmonary aspergillosis, 698
Cat scratch, acquisition soft tissue infection with *Nocardia brasiliensis*, 710
Catheter-associated infections
central venous catheter, sepsis due to *Gordona* species, rDNA probe identification, 694
indwelling vascular catheters, 197
Cefotaxime, for acinetobacter infections (letter), 374
Cefotetan, induction of hemolysis, 863
Central nervous system infections
aspergillosis (letter), 737
with cytomegalovirus, treatment with ganciclovir, 606
encephalitis
toxoplasmal, evaluation of new anti-infective drugs, S200
viral, evaluation of new anti-infective drugs for treatment, S195
evaluation of new anti-infective drugs for treatment, S182–S205
meningitis
acute bacterial, evaluation of new anti-infective drugs, S182
cryptococcal, evaluation of new anti-infective drugs, S189
with *Pseudomonas pseudomallei*, 163
Cerebral abscess, complicating disseminated nocardiosis, ceftriaxone and amikacin treatment, 1039
Chancroid, evaluation of new anti-infective drugs for treatment, S108
Chlamydia, sexually transmitted infections, evaluation of new anti-infective drugs for treatment, S131
Chlamydia pneumoniae
isolation from patient with purulent sinusitis (letter), 570
strain TWAR infections, 757
Chlamydia trachomatis, evaluation of new anti-infective drugs for treatment, S131

Cholecystitis, candidal, 701
Cholera, evaluation of new anti-infective drugs for treatment, S241
Chromomycosis, therapy (letter), 553
Chronic fatigue syndrome, Borna disease virus, absence of serologic evidence (letter), 1049
Ciprofloxacin, bactericidal activity alone and in combination against *Enterococcus faecalis*, 481
Clarithromycin, thrombocytopenia associated with use (letter), 563
Clinical bacteriology, for evaluation of new anti-infective drugs, S339
Clostridium difficile, antibiotic-associated diarrhea, 573
Clostridium sordellii, bacteremia, 950
Colitis
  antibiotic-associated, 582
    evaluation of new anti-infective drugs for treatment, S263
  in HIV infection, 726
Colorectal operations, prophylaxis, S313
Continuing medical education
  antibiotic-associated diarrhea, 573
  Helicobacter pylori, role in disease, 386
  infectious complications of indwelling vascular catheters, 197
  Mycobacterium avium complex infection, 1
  Rochalimaea infections, 893
Corticosteroids
  for idiopathic ulcerations in patients with AIDS, 961
  tuberculosis, reactivation of during therapy, 1073
Corynebacterium pseudodiphtheriticum, in native valve endocarditis (letter), 1059
Cryptococcus, meningitis, adenosine deaminase levels in cerebrospinal fluid (letter), 1061
Cryptosporidiosis
  enteric infection in AIDS, 726
  in HIV infection, 903
Cryptosporidium, diarrhea, evaluation of new anti-infective drugs for treatment, S249
Cutaneous fungal infection, after solid-organ transplantation, 17
Cutaneous tuberculosis, presentation of malignancy, 159
Cysticercosis, due to *Taenia solium*, treatment with albendazole or praziquantel, 799
Cytokines, for immunocompromised hosts, prevention and treatment of infection, 508
Cytomegalovirus
  in AIDS patients
    enteric infection, 726
    gastrointestinal lesions, 609
  in otitis media, 650
  ventriculitis, treatment with acyclovir, 606

Dermatologic manifestations
  of *Rickettsia conorii* infection, atypical papulovesicular rash, 591
  of *Vibrio vulnificus* infection, 271
Diarrhea
  acute infectious, evaluation of new anti-infective drugs for treatment, S228
  in AIDS, 726
  antibiotic-associated due to *Clostridium difficile*, 573
  due to *Cryptosporidium*, evaluation of new anti-infective drugs for treatment, S249
  due to *Entamoeba histolytica*, evaluation of new anti-infective drugs for treatment, S254
  due to *Giardia lamblia*, evaluation of new anti-infective drugs for treatment, S244
Digoxin, toxicity with itraconazole therapy (letter), 886
Diloxanide furoate, amebiasis treatment, 464, 559
Doxycyline, for *Mycoplasma hominis* septic arthritis, 402
Drug abuse, candidiasis in brown-heroin users, 910
Drug interactions, in AIDS (letter), 1066
Dyskeratosis congenita, *Pneumocystis carinii* pneumoniae (letter), 1056

Echinococcosis, human, evaluation of serological tests in diagnosis, 473
Echinococcus multilocularis, efficacy of mebendazole and albendazole against larva, 234
Eikenella corrodens, severe soft-tissue infections (letter), 740
ELISA, use in diagnosis of HIV infection, 13
Encephalitis
  due to *Pseudomonas pseudomallei*, role for exotoxin, 163
  viral, evaluation of new anti-infective drugs for treatment, S195
Endocarditis
  aortic valve, due to *Escherichia coli* (letter), 749
  candidal mitral, and long-term fluconazole treatment in HIV infection (letter), 1062
  enterococci
    epidemiology, pathogenesis, and clinical aspects, 63
    with high-level gentamicin resistance, animal models, 58
  infective
    evaluation of new anti-infective drugs for treatment, S81
    persistent fever, 983
  due to lactobacilli, review and therapy, 250
  native valve, due to *Corynebacterium pseudodiphtheriticum* (letter), 1059
  due to *Neisseria mucosa*, 321
  prosthetic valve, due to *Peptostreptococcus magnus* (letter), 185
  pulmonic valve, due to *Pseudoallescheria boydii*, 858
  synergistic penicillin and gentamicin in treatment, 250
Endotoxin
  antibiotic-induced release, 840
  in meningococcal sepsis, effect of plasma exchange, 424
Endotracheal intubation, protothecosis as complication, 959
Entamoeba histolytica
  diarrhea, evaluation of new anti-infective drugs for treatment, S254
  intestinal infection, asymptomatic, treatment with diloxanide furoate, 464
  passage of cysts, treatment with diloxanide furoate (letter), 559
Enteric infections
  due to *Aeromonas*, epidemiology in California, 449
  due to nontyphoidal salmonellae and shigellae, 346
Enteric pathogens, HIV infections, 726
Enteritis, HIV infections, 726
Enterobacter, multiresistant, bacteremia in patient with urosepsis (letter), 565
Enterobacter cloacae, bacteremia and meningitis, molecular analysis of origin, 30
Enterococci
  in abdominal infections, experimental, 72
  antimicrobial resistance in Italy, 486
  bacteremia, 73
  endocarditis, 63
  resistance, 481–501
    to aminoglycosides and glycopeptides, 495
    to β-lactam antibiotics, mechanisms, 486
  surgical infections, 72
Enterococcus
  bacteremia in patients with cancer, 33
  infections, efficacy of teicoplanin, 302
  species in urinary tract infections, 295
Enterococcus faecalis
  bacteremia, nosocomial, without endocarditis, 49
  bactericidal activity of antibiotics alone and in combination, 481
  in endocarditis, review, 63
  gentamicin-resistant (high-level), in endocarditis, animal models, 58

Enterococcus faecium
in endocarditis, review, 63
vancomycin-resistant in bacteremia during vancomycin prophylaxis (letter), 752
Epidemiology (see also specific infection)
of *Aeromonas* infections in California, 449
of *Chlamydia pneumoniae*, strain TWAR, 757
Epstein-Barr virus, disease, chronic, 812
Escherichia coli, aortic valve endocarditis (letter), 749
Evans's syndrome, and recombinant hepatitis B vaccine (letter), 1051
Exophiala
clinical spectrum of infection in humans, 639
phaeohyphomycosis, in cardiac transplant recipient, 639

Fatigue syndrome, chronic, 812
Fever
episodes in neutropenic patients
evaluation of new anti-infective drugs for treatment, S206
receiving quinolone prophylaxis, empiric therapy, 290
persistent, in infective endocarditis, 983
of unknown origin
associated with prosthesis, 528
in community hospitals, review, 968
due to *Yersinia enterocolitica*, treatment with ciprofloxacin, 645
Fluconazole
biliary excretion, 701
for candidemia, 422
Flucytosine, in immunocompromised patients, evolving role, 1003
Fluoroquinolones (*see also specific agent*)
for *Mycoplasma hominis* septic arthritis, 402
Fungal infections (*see also specific infection*)
cutaneous, after solid-organ transplantation, 17
disseminated, *Pseudoallescheria boydii*, following liver transplantation, 858
systemic
due to *Blastomyces dermatitidis*, 629
evaluation of new antifungal drugs for treatment, S274
Fungemia, of unknown origin in patients in intensive care (letter), 184

Ganciclovir, for cytomegalovirus infection, 606
Gastritis, due to *Helicobacter pylori*, 386
evaluation of new anti-infective drugs, S268
Gastrointestinal infections, evaluation of new anti-infective drugs for treatment, S228–S273
cholera, S241
colitis, S263
diarrhea
acute infectious, S228
due to *Cryptosporidium*, S249
due to *Entamoeba histolytica*, S254
due to *Giardia lamblia*, S244
Helicobacter pylori gastritis and peptic ulcer disease, S268
Salmonella chronic carriage, S259
typhoid fever, S236
Gastrointestinal lesions, due to cytomegalovirus in AIDS patients, 609
Gaucher's disease, osteomyelitis due to anaerobe, 771
Genital tract infection (*see also* Sexually transmitted diseases; *specific infection*)
Streptococcus pneumoniae peritonitis as secondary infection (letter), 1060
Gentamicin
resistance, high-level, in *Enterococcus faecalis* endocarditis, animal models, 58
synergy with penicillin, time-kill curves, 250
Giardia lamblia, diarrhea, evaluation of new anti-infective drugs for treatment, S244
Glycopeptides, resistance in enterococci, 495
Gonorrhea, uncomplicated, evaluation of new anti-infective drugs for treatment, S123
Gram stain, of sputum, evaluation (letter), 1048
Gram-negative bacteria (*see also specific organism*)
antibiotic susceptibility of blood isolates, 615
bacteremia, prognostic factors, 866
infections, antibiotic-induced release of endotoxin, 840
monoclonal antibodies, antiendotoxin (letter), 371
Granulomas, due to *Yersinia enterocolitica*, immunologic diagnosis, 645

Haemophilus ducreyi infections, evaluation of new anti-infective drugs for treatment, S108
Haemophilus influenzae, type b, invasive infections in Israel, epidemiology and impact, 720
Haemophilus species, hepatobiliary infections, 716
Helicobacter pylori
clinical manifestations of infection, treatment, 386
gastritis and peptic ulcer disease, evaluation of new anti-infective drugs for treatment, S268
Hemolytic anemia, cefotetan-induced, 863
Hepatic abscess, due to *Haemophilus* species, 716
Hepatitis, due to *Toxoplasma gondii* in patient with AIDS (letter), 183
Hepatitis B
vaccination (letter), 1063
vaccine, recombinant, triggering Evans's syndrome (letter), 1051
Hepatobiliary infections, due to *Haemophilus* species, 716
Heroin, brown, disseminated candidiasis in users, 910
Herpes simplex virus
complicating pregnancy, management (IDSA position paper), 1031
genital infections, evaluation of new anti-infective drugs for treatment, S99
neonatal infection, prevention (letter), 170
in otitis media, 650
Herpesvirus-6, human, in chronic fatigue syndrome, 812
Hip replacement, total, prophylaxis, S313
Hospital employees, Bell's palsy cluster, 381
Host defenses, in immunocompromised hosts, modulation by cytokines, 508
Human immunodeficiency virus (HIV) infection (*see also* AIDS and AIDS-related complex)
accuracy of methods for diagnosis, 13
Campylobacter cinaedi bacteremia (letter), 178
candidal mitral endocarditis and long-term fluconazole treatment (letter), 1062
cryptosporidiosis, 903
diagnosis, 13
exposure, use of zidovudine, 884
immunity to measles and rubella in infected women (letter), 739
maternal-fetal transmission, routes and cellular mechanisms, 678
in mothers, recommendations for feeding practices, 502
and mycobacterial infection, extrapulmonary, 601
Penicillium marneffei infection (letter), 379
Pseudomonas aeruginosa infections, life-threatening (letter), 751
quinolone treatment in patient and development of *Campylobacter laridis* colitis (letter), 172
rhabdomyolysis and staphylococcal bacteremia (letter), 1054
Rhodococcus equi lung infection, antibiotic treatment (letter), 747
serology, false-positive, 707
sporotrichosis, disseminated (letter), 568
and *Streptococcus pneumoniae* sepsis in adults with sickle cell disease, 327

transmission of virus by breast milk, 502
and tuberculosis, 540
Human T-cell leukemia virus type I, transmission by breast milk, 502
Hydrotherapy, for burn wound infection, and pseudomonal infection, 941
Hypogammaglobulinemia, and mycoplasmal infections, 434

Imipenem, in treatment of lung infections due to *Mycobacterium fortuitum* and *Mycobacterium chelonae*, 1046
Immunocompromised host (*see also specific condition, infection*)
flucytosine use, evolving role, 1003
Nocardia brasiliensis infection, 469
relapsing pneumococcal bacteremia (letter), 558
Immunoglobulin, intravenous, aseptic meningitis following administration (letter), 564
Immunotherapy, antiendotoxin, and bacterial lysis, 840
Indwelling vascular catheters, infectious complications, 197
Influenza, control with antiviral agents, 362, 368
Intensive care, bacteremia and fungemia of unknown origin in patients (letter), 184
Intervertebral diskitis, due to *Kingella kingae*, 530
Intraabdominal infections, evaluation of new anti-infective drugs for treatment, S33
Israel, *Haemophilus influenzae* type b infection, 720
Itraconazole, association with digoxin toxicity, 886

Kingella denitrificans, in AIDS, causing granulomatous disease (letter), 1052
Kingella kingae, intervertebral diskitis, treatment with penicillin, 530
Knee replacement, total, prophylaxis, S313

Lactobacillus, in endocarditis, antibiotic treatment, 250
Leishmaniasis, cutaneous, 250, 924
Leukemoid reaction, due to nasal sympathomimetic (letter), 6
Leukocytoclastic vasculitis, due to *Yersinia enterocolitica*, immunologic diagnosis, 645
Liposomal antimicrobial agents in infectious diseases, 654
applications for aminoglycosides, 654
Listeria monocytogenes, fecal carriage during outbreak (letter), 557
Lupus erythematosus, systemic, with *Mycoplasma hominis* septic arthritis, 402
Lyme disease
clinical presentations (letter), 180
persistence of antibodies, 788
Lymphadenitis, due to mycobacteria, 601

Macrolides, clarithromycin, causing thrombocytopenia in patient with AIDS (letter), 563
Malaria
chemoprophylactic agents, effects of Ty21a typhoid vaccine strain (letter), 1057
congenital, 408
epidemiology in New York City, 774
due to *Plasmodium falciparum*
measures of capillary permeability, 256
renal failure in patients, 874
in pregnancy, 408
Malignancy, presentation as miliary tuberculosis, 159
Mebendazole, treatment of alveolar hydatid disease, 234
Mediterranean spotted fever, complication, thrombosis of mesenteric vein, 1070
Meningitis
acute bacterial, evaluation of new anti-infective drugs for treatment, S182
aseptic, following therapy with intravenous immunoglobulin, (letter), 564
due to *Brucella* species, 582
cryptococcal
adenosine deaminase levels in cerebrospinal fluid (letter), 1061
evaluation of new anti-infective drugs for treatment, S189
Enterobacter cloacae, in infant, molecular analysis of origin, 30
Haemophilus influenzae type b in Israel, 720
Prototheca wickerhamii in AIDS patient, 704
Pseudomonas pseudomallei, role for endotoxin, 163
Sporothrix schenckii in AIDS patient (letter), 741
Stomatococcus mucilaginosus in child with leukemia (letter), 1045
Streptococcus group A (letter), 380
Streptococcus pneumoniae
in HIV-infected adults with sickle cell disease, 327
intermediately penicillin-resistant, chloramphenicol treatment, 84
Meningococcemia, fulminant, treatment with blood exchange and plasmapheresis, 431
Metronidazole, and pancreatitis (letter), 750
Mezlocillin
bactericidal activity alone and in combination against *Enterococcus faecalis*, 481
toxic reactions, cholestatic jaundice (letter), 179
Microsporidiosis, enteric infection in AIDS, 726
Muscle, purulent infection, 668
Myasthenia gravis, recovery from in patient with HIV infection (letter), 379
Mycobacteria, nontuberculous
epidemiology and clinical significance in HIV-negative patients, 330
in HIV infections, 161
Mycobacterial infections
extrapulmonary, associated with HIV infection, 601
other than tuberculosis, 1
and oxygen tensions (letter), 372
review, 1
systemic, evaluation of new anti-infective drugs for treatment
Mycobacterium avium complex, S296
Mycobacterium kansasii and other mycobacteria, S307
tuberculosis, S282
Mycobacterium avium
complex
evaluation of new anti-infective drugs for treatment and prevention of infection, S296
lymphadenitis, 601
treatment of infection, 1
enteric infection in AIDS, 726
Mycobacterium bovis, transmission from animals to humans, 598
Mycobacterium chelonei, lung infections, imipenem treatment (letter), 1046
Mycobacterium fortuitum
in HIV infection, 161
lung infections, imipenem treatment (letter), 1046
Mycobacterium intracellulare, treatment of disease, 1
Mycobacterium kansasii
evaluation of new anti-infective drugs for treatment and prevention of infection, S307
in HIV infection, 161
Mycobacterium tuberculosis
abscess in patient with AIDS (letter), 562
evaluation of new anti-infective drugs for treatment and prevention of infection, S282
interactions with HIV, 540
lymphadenitis, 601
Mycobacterium xenopi, in HIV infection, 161
Mycoplasma arginini, in septicemia and pneumonia, 434

Mycoplasma hominis
intrauterine infection during pregnancy, resulting in stillbirth (letter), 753
septic arthritis, treatment with doxycycline and temafloxacin, 402
Mycoplasmas, nonhuman origin, in human infections, 434
Myonecrosis, secondary to *Clostridium sordellii* infection, 950

Nasal sympathomimetic, leukemoid reaction (letter), 885
Natural killer cells, in acute brucellosis, 764
Neisseria gonorrhoeae, infections, evaluation of new anti-infective drugs for treatment, S123
Neisseria meningitidis, sepsis, treatment with plasma and whole blood exchange, 424
Neisseria mucosa, endocarditis, 321
Neonatal infection
candidiasis, systemic (letter), 554
herpes simplex virus, prevention (letter), 170
transmission of HIV by breast milk, 502
Netilmicin, bactericidal activity alone and in combination against *Enterococcus faecalis*, 481
Neurobrucellosis, clinical presentation and antimicrobial therapy, 582
Neurosurgical shunt infections, intraventricular teicoplanin treatment, 285
Neutropenia, febrile episodes
evaluation of new anti-infective drugs for treatment, S206
in patients receiving quinolone prophylaxis, empirical treatment with piperacillin combinations, 290
New York City, malaria, review of cases, 774
Nocardia brasiliensis
disseminated infection, 469
infections acquired from cat scratch, 710
Nocardia transvalensis infections, epidemiology and antimicrobial therapy, 453
Nocardiosis
in AIDS (letter), 370
complicated by cerebral abscess, ceftriaxone and amikacin treatment, 1039
Nosocomial infections (*see also specific infection*)
Endocarditis faecalis bacteremia without endocarditis, 39
due to group A streptococci, 277
Nursing homes, infection due to group A streptococci, 277

Obstetrics and gynecology (*see also specific infection*)
antimicrobial prophylaxis in surgery (letter), 170
herpes simplex virus–complicated pregnancies, management (IDSA position paper), 1031
malaria in pregnancy, 408
maternal-fetal transmission of HIV, 678
Ochrobactrum anthropi, bacteremia (letter), 1068
Opportunistic infections (*see also specific infection; condition*)
in AIDS, unusual, 134
due to *Toxoplasma gondii*, in AIDS patients, pathogenesis and presentation, 211
Osteomyelitis
acute hematogenous in children, evaluation of new anti-infective drugs for treatment, S162
in adults, evaluation of new anti-infective drugs for treatment, S155
anaerobic, in Gaucher's disease, 771
pubic bone, due to *Staphylococcus aureus*, in athletes, 636
vertebral pneumococcal, penicillin-resistant (letter), 746
Otitis, external, aerobic and anaerobic microbiology, 955
Otitis media, acute
due to cytomegalovirus, 650
due to herpesviruses, 650

p24 Antigen, use in diagnosis of HIV infection, 13
Paecilomyces varioti infection (letter), 552
Pancreatic abscess, due to *Candida albicans* (letter), 881
Pancreatitis
and *Campylobacter jejuni* bacteremia (letter), 1050
and metronidazole (letter), 750
Parvovirus
B19 in AIDS, 533
chronic infection in immunocompetent patient, 595
Pasteurella multocida, in utero infection, 881
Pediatric infections (*see also* Neonatal infections; *specific infection*)
Enterobacter cloacae bacteremia and meningitis, molecular analysis, 30
Haemophilus influenzae type b invasive infections in Israel, 720
Pelvic infections, acute, evaluation of new anti-infective drugs for treatment, S43
Pelvic inflammatory disease, acute, evaluation of new anti-infective drugs for treatment, S53
Penicillin
resistance in *Streptococcus pneumoniae*
clonal nature, 112
in Hungary, 106
in Spain, 99
synergy with gentamicin, time-kill curves, 250
Penicillium marneffei, in HIV-infected patient (letter), 744
Pentamidine, intravenous, localized cutaneous reaction (letter), 561
Peptic ulcer disease, role of *Helicobacter pylori*, 386
Peptostreptococcus magnus, in prosthetic valve endocarditis (letter), 185
Perinephric abscess, yeast infection, 128
Peritonitis
due to *Agrobacterium tumefaciens*, 938
primary pneumococcal and bacteremia in immunocompetent woman (letter), 375
due to *Streptococcus pneumoniae* secondary to genital tract infection (letter), 1060
Phaeohyphomycosis, due to *Exophiala* species, in cardiac transplant patient, 639
Pharyngitis, due to group A streptococci, 525
Plasma exchange, for treatment of meningococcal sepsis, 424
Plasmapheresis, in treatment of sepsis and septic shock, 431
Plasmodium falciparum malaria
capillary permeability, measures, 256
in New York, review of cases, 774
in pregnancy, 408
severe, acute renal failure, 874
Plasmodium vivax malaria, in pregnancy, 408
Pneumococcus (*see Streptococcus pneumoniae*)
Pneumocystis carinii, pneumonia
in patient with dyskeratosis congenita (letter), 1056
treatment with intravenous pentamidine, localized cutaneous reaction (letter), 561
Pneumonia
due to adenovirus type 3, 712
due to *Blastomyces dermatitidis*, 629
due to *Capnocytophaga canimorsus*, 325
due to *Chlamydia pneumoniae*, strain TWAR, 757
community-acquired bacteremic due to *Pseudomonas cepacia* in immunocompetent host (letter), 561
due to resistant *Streptococcus pneumoniae*, response to β-lactam treatment, 84
Polymerase chain reaction, use in diagnosis of HIV infection, 13
Poncet's disease (letter), 560
Praziquantel, for cysticercosis due to *Taenia solium*, 799

Pregnancy
complicated with genital herpes simplex virus infection, management (IDSA position paper), 1031
malaria during, 408
Prophylaxis
for gynecologic and obstetric surgery (letter), 170
for surgical procedures, S313
for tuberculosis, S282
Prosthetic devices
associated abscess, 528
hip joints, infection, evaluation of new anti-infective drugs for treatment, S177
knee joint, infection due to *Streptococcus* group B following sigmoidoscopy (letter), 374
Prototheca wickerhamii, meningitis, 704
Protothecosis, as complication of endotracheal intubation, 959
Pseudoallescheria boydii, disseminated infection following liver transplantation, 858
Pseudomembranous colitis (*see also under* Colitis)
due to *Clostridium difficile*, 573
Pseudomonas, burn wound infection, role of hydrotherapy, 941
Pseudomonas aeruginosa, life-threatening infection in HIV-infected patients (letter), 751
Pseudomonas cepacia, community-acquired bacteremic pneumonia in immunocompetent host (letter), 887
Pseudomonas pseudomallei
encephalitis, 163
meningitis, aseptic, 163
Psoas muscle, infection secondary to *Streptococcus pneumoniae* infection (letter), 1047
Pubic bone osteomyelitis, due to *Staphylococcus aureus*, 636

Quinolones (*see* Fluoroquinolones; *specific agent*)

Rhabdomyolysis (letter), 1054
Rhinoceros, rhinorrhea due to *Mycobacterium bovis*, transmission to humans, 598
Rhodococcus equi
in AIDS, identification and epidemiological typing, 223
lung infection in HIV-infected patient, antibiotic treatment (letter), 747
Rickettsia conorii, atypical papulovesicular rash, 591
Rickettsia rickettsii infection, 439
Rimantadine
resistance of influenza A virus, 362, 368
use in influenza, 362, 368
Rochalimaea, clinical spectrum of infections, 893
Rocky Mountain fever, 439
"spotless" and "almost spotless," 439
Rubella vaccination, relation to chronic arthritis, 307

Sacroiliitis, due to *Veillonella parvula* (letter), 175
Salmonella, chronic carriage, evaluation of new anti-infective drugs for treatment, S259
Salmonella typhi, concurrent infections with multiple strains (letter), 567
"Sauriasis," false diagnosis, 572
Sepsis
due to *Gordona* (*Rhodococcus*) species, 694
treatment with blood exchange and plasmapheresis, 431
Septic arthritis (*see* Arthritis, septic)
Septic shock
secondary to *Clostridium sordellii* infection, 950
treatment with blood exchange and plasmapheresis, 431
Septicemia
in German university hospital, prospective study, 991
due to *Vibrio parahaemolyticus* in neutropenic leukemia (letter), 738
Serological diagnosis, in echinococcosis, 473
Sexually transmitted diseases, evaluation of new anti-infective drugs for treatment, S96–S147
chancroid, S108
chlamydial and related clinical syndromes, S131
gonorrhea, uncomplicated, S123
herpes simplex virus infections, S99
special issues, S96
syphilis, S140
vaginal infections, S115
Shunt infections, neurosurgical, evaluation of intraventricular teicoplanin treatment, 285
Sickle cell disease, *Clostridium sordellii* infection, 950
Sigmoidoscopy, *Streptococcus* group B infection of pacemaker wire following (letter), 1069
Sinusitis, purulent, isolation of *Chlamydia pneumoniae* from maxillary sinus (letter), 570
Skin and soft tissue infection
due to *Eikenella corrodens* (letter), 741
evaluation of new anti-infective drugs for treatment, S148
due to *Nocardia brasiliensis*, acquired after cat scratch, 710
Skin lesions, associated with tuberculosis, 159
Spinal epidural abscess, medical management, 22
Sporothrix schenckii, meningitis in AIDS patient (letter), 741
Sporotrichosis, disseminated, in HIV-infected patient (letter), 568
Sputum, gram stain, evaluation, 1048
Staphylococcus, superantigens, 313
Staphylococcus aureus, pubic bone osteomyelitis, 636
Staphylococcus capitis, endocarditis (letter), 173
Staphylococcus warneri, infection (letter), 1053
Steroids, in treatment of esophageal and penile ulcerations in AIDS patient, 961
Stomatococcus mucilaginosus, meningitis, in child with leukemia (letter), 1045
Streptococcus
bacteremia, in patients with cancer, 33
group A
case clusters, 277
meningitis (letter), 380
pyrogenic exotoxin A, 525
septicemia, 525
group B
pacemaker wire infection following sigmoidoscopy (letter), 1069
prosthetic joint infection following sigmoidoscopy (letter), 374
group C (letter), 175
superantigens, 313
Streptococcus milleri, in abscess of psoas muscles, 883
Streptococcus pneumoniae
antimicrobial resistance, 77–127
in France, 95
in Hungary, 106
overview, 77
in South Africa, 84
in Spain, 99
treatment and diagnosis, 119
bacteremia, relapsing, in immunocompromised hosts (letter), 556
capsular types from blood and cerebrospinal fluid, 78
epidemiology, nasopharyngeal carriage, and spread, 84
penicillin resistance
clonal nature, 112
multilocus enzyme analysis, 112

peritonitis
primary, and bacteremia in immunocompetent women (letter), 375
secondary to genital tract infection (letter), 1060
psoas muscle infection as secondary infection (letter), 1047
sepsis in HIV-infected adults with sickle cell disease, 327
susceptibility testing, 119
in vertebral osteomyelitis, penicillin-resistant (letter), 746
Streptococcus zooepidemicus, septic arthritis (letter), 744
Sulfadiazine, toxic encephalopathy in patient with AIDS and central nervous system toxoplasmosis (letter), 556
Surgical infections
enterococcal, 72
prophylaxis, evaluation of new anti-infective drugs, S313
Susceptibility testing, of *Streptococcus pneumoniae*, 119
Syphilis, evaluation of new anti-infective drugs for treatment, S140

Taenia solium, cysticercosis, treatment with albendazole or praziquantel, 799
Teicoplanin
bactericidal activity alone and in combination against *Enterococcus faecalis*, 481
in combinations for empiric therapy in neutropenic patients receiving quinolone prophylaxis, 290
for enterococcal infections, efficacy, 302
intraventricular, for neurosurgical shunt infections, 285
Tetracycline
in mycoplasma infections, 434
in *Vibrio vulnificus* infections, 1071, 1072
Thrombosis, of mesenteric vein as complication of Mediterranean spotted fever, 1070
Toxic shock-like syndrome, due to group A streptococci, secondary spread, 277
Toxocariasis, due to ingestion of raw lamb liver (letter), 743
Toxoplasma, encephalitis in AIDS, diagnosis and treatment, 211
Toxoplasma gondii
in AIDS patients, pathogenesis and clinical presentation, 211
hepatitis, in patients with AIDS (letter), 183
infection in bone marrow-transplant recipients, 267
Toxoplasmosis
in bone marrow-transplant recipients, 267
central nervous system, in patients with AIDS, sulfadiazine-related encephalopathy (letter), 556
Transplantation (*see also specific type*)
bone marrow, toxoplasmosis in recipients, 267
cardiac
Exophiala infection, 639
pulmonary aspergillosis, 698
solid organ, cutaneous fungal infection, 17
Transurethral resection of the prostate, prophylaxis, S313
Trauma, motor vehicle-related, and secondary *Bacillus* infections, 855
Travelers, atypical rash due to *Rickettsia conorrii*, 591
Treponema pallidum, infections, evaluation of new anti-infective drugs for treatment, S140
Trichomonas vaginalis, vaginal infections, evaluation of new anti-infective drugs for treatment, S115
Trichosporonosis, azole therapy, 781
Tsukamurella paurometabolum, pseudoinfection (letter), 883
Tuberculoma, central nervous system, presentation as cavernous sinus tumor (letter), 181
Tuberculosis
of breast, in AIDS, 692
miliary
and malignancy, 159
presenting with skin lesions, 159
Tuberculous rheumatism (letter), 560
TWAR, pneumonia and bronchitis, 757
Typhoid fever, evaluation of new anti-infective drugs for treatment, S236
Typhoid vaccine, Ty21a, effects of antimalarial chemoprophylactic drugs (letter), 1057

Urethral symptoms, in men, management, 714
Urinary tract infections
Enterococcus species, susceptibilities, 295
evaluation of new anti-infective drugs for treatment, S216
additional considerations (editorial), 1041

Vaccination
rubella, relation to chronic arthritis, 397
Vaccines
conjugate, for prevention of enteric bacterial infections, 346
hepatitis B (letter), 1063
recombinant hepatitis B, and Evans's syndrome (letter), 1051
serum IgG lipopolysaccharide antibodies, for prevention of salmonellosis and shigellosis, 346
typhoid Ty21a, effect of antimalarial prophylactic agents (letter), 1057
Vaginal infections, evaluation of new anti-infective drugs for treatment, S115
Vancomycin
resistance in bacteremia isolate of *Enterococcus faecium* (letter), 752
susceptibility of urinary isolates of *Enterococcus* species, 295
Veillonella parvula, pyogenic sacroiliitis (letter), 175
Vibrio parahaemolyticus, septicemia in neutropenic leukemia (letter), 738
Vibrio vulnificus, infection
skin manifestations, 271
in Taiwan and susceptibility of isolates, 271
treatment with tetracycline, 1071, 1072

Western blot, use in diagnosis of HIV infection, 13

Yeast, perinephric abscess, 128
Yersinia enterocolitica infection, diagnosis with immunologic methods, 645

Zidovudine, after HIV exposure (letter), 884
Zinsser-Cole-Engman syndrome, *Pneumocystis carinii* pneumonia in patient (letter), 1056
Zoonosis, due to mycoplasmas, 434
